PUBLIC WORKS DEPARTMENT

## COUNCIL COMMUNICATION

### Project Data

TO:	City Council	Originally Budgeted:	1988/89
FROM:	City Manager	Budgeted Fund:	Capital Outlay Reserve
		Amount Budgeted:	\$23,000
		Bid Opening Date:	11/14/90

MEETING DATE: January 2, 1991

AGENDA TITLE: Zupo Field Backstop and Fencing, 350 North Washington Street

RECOMMENDED ACTION: That the City Council award the bid and approve a transfer of funds for the project.

BACKGROUND INFORMATION: This project will replace the existing backstop at Zupo Field with a higher backstop. The existing backstop has been in use for many years and is in need of major repairs. The new backstop will be 40 feet high and will provide additional safety for the spectators. Ball clubs playing in the park have also been complaining about foul balls that are lost because our backstop is too low. The 40-foot backstop will keep more balls in the field and save teams the cost of replacing them. This project will also install fencing around the left field bullpen area and the field drinking fountains to provide additional protection for the ball players.

The plans and specifications called for a "design/build" concept as was done for the protective shade structure at the Softball Complex on Stockton Street.

The following three bids have been received:

Scrimsher and Mineni, Modesto	\$ 35,921.39
West Coast Fence Co., San Jose	\$ 39,807.00
Economy Fence Co., Stockton	\$ 53,314.52

Allowing for contract administration, inspection and contingencies, the total project cost is \$43,000; only \$23,000 has been appropriated.

Staff recommends that we proceed with the project by transferring \$20,000 of the \$37,000 appropriated for fuel tank replacement at the Parks and Recreation Corporation Yard. This project is presently being evaluated for low cost alternates. The remaining appropriation will allow us to proceed with the project in phases.

*Richard (Vince)*
